ULTIMATE 5P DEMOUNTABLE COMPACTOR UNIT - THREE PHASE – OPEN TOP LOADING

The ULTIMATE 5P DEMOUNTABLE compactor unit can be sited simply in a required area. It has the advantage of being an integral compactor and container unit with a very large charge box. It can be fitted with an extended open top hopper or an enclosed hopper with either a lid, side or front doors as specified by the customer. The unit is mounted on a UK C.H.E.M specification chassis to suit UK roll-on/off contractor vehicle types.
